

Did You Know That Over 4 Billion Americans Work in a Home Business?

For Immediate Release...

Since over 4 Billion Americans work in a home business NOW, can you imagine how more more people will work in a home business in the coming New Year? Question is, will they Succeed?

Brooklyn, New York [December 30, 2007] - Did you know that more than 4 BILLION Americans work in a home business? According to the US Census Bureau over 12 BILLION working hours per year are WASTED by people stuck in traffic on their way to and from work. That is quite a lot of wasted hours! If you can take just one hour a day, and put that into your sales and marketing efforts imagine how many more sales you would get!

90% of all personal bankruptcies can be prevented with \$300/month in extra income. A home business can put \$2,000-\$5,000 a year back in your bank account thanks to business deductions on your tax return.
